

Pendleton Plank

Hand Scraped - Reclaimed Pine

Pendleton Plank...

Each plank is individually handcrafted to uniquely express the character and warmth of the wood. The time worn appearance gives Pendleton Plank the look and feel of a past generation with the contemporary style of today's décor.

Engineered floors handle seasonal changes with less stress and minimal movement, which means less floor gaps.

The factory applied, finish, has superior abrasion resistant qualities.

This advanced technology offers a superior product with cross-ply construction that is stronger, more durable and longer lasting.

We strive for every aspect of our production process to be environmentally friendly. We believe our efforts will ensure the beauty and abundance of one of our most precious resource...our trees.

IMPORTANT INFORMATION ABOUT HARDWOOD FLOORS

Wood is a natural material; therefore graphics and samples may not show all the characteristics and variations of the actual product installed. Extended exposure to natural light can alter the patina of your wood floor.

LM Flooring will not be responsible for claims arising from flooring that has a greater range of grain/color variation than found in the showroom display samples.
